## CITY COUNCIL MEETING

### WHAT THE "DADS" DID AT THEIR SEMI-MONTHLY SESSION LAST EVENING.

### TO RE-PLAT CROWN HILL CEMETERY

**NORTHWEST SEDALIA SEWER PROBLEM UP AGAIN—NO FURTHER EXTENSION OF TIME FOR REPAIRING EAST SEVENTH STREET.**

At 8:25 o'clock last night Mayor Babcock called to order the regular semi-monthly meeting of the city council. All councilmen answered "present" at roll call.

Minutes of previous meetings were read and ordered filed, on motion of Alderman Sullivan.

A petition for an arc light at Third street and Stewart avenue was referred to the proper committee.

A special committee recommended that the members of the cemetery association be permitted to replat Crown Hill cemetery grounds, as requested by the association at the last meeting of the council. The recommendation was accepted.

Monthly reports of officers follow: Collector Van Wagner, \$2,874.67; Marshal Boult, \$40; Police Judge Gresham, \$40; J. A. Williams, oil inspector, inspected 240 barrels of oil for the Standard Oil company and 660 barrels for the Kansas City Oil company; Weightmaster Donnelly collected \$141.55.

An ordinance extending the time for completing the repairing of East Seventh street, accompanied by the mayor's veto was read and the veto was endorsed by a full vote of the council.

Plans for constructing a sewer district in Northwest Sedalia were submitted by Engineer Leaming and received and filed, also the city engineer's estimate for doing the work.

Mr. Baker moved that Engineer Leaming furnish an estimate for doing the work per lot, provided no re-bid be struck. Mr. Leaming furnished the estimate as requested.

Ordinances accepting the first, second and third plats of Ritchie's addition to the city were read and passed.

An ordinance to pave the alley between Ohio and Lamine avenues and Main and Second streets was read and passed.

Ordinances accepting the first, second and third plats of Ritchie's addition to the city were read and referred to the proper committee and city engineer to report back.

An ordinance providing for the collection of taxes for 1908 and fixing a rate thereof was read and passed. The rate is \$1 on the \$100 valuation, the same as last year.

Alderman Digenfritz suggested that Mayor Babcock ascertain if the public library cannot be conducted on a more economical basis. The suggestion was favorably received. The library now receives between \$5,000 and \$6,000 annually and the council would like to make the sum \$4,000.

A petition for a sewer in district No. 40 was read and filed.

A petition asking that Sam C. Fuller be appointed inspector of the paving of the alley between Sixth and Seventh streets and Ohio and Lamine avenues was read and the request granted.

Mr. Sullivan moved that City Attorney Blain prepare a lease for the renting of stall No. 1, occupied by M. M. Stevenson, at the market house.

The mayor, finance committee and building committee were instructed to devise a way to purchase new city scales, on motion of Mr. DeJurette.

After allowing all properly audited bills, the council adjourned at 10:35 o'clock to meet again next Monday night.

### A DONATION OF \$100,000

For the Founding of Cancer Hospital in St. Louis.

St. Louis, June 2.—Formal announcement of the gift of \$100,000 by George D. Barnard to the St. Louis Skin and Cancer hospital to buy a site and erect and equip a hospital building was made last night at a dinner given at the Glen Echo club by Charles H. Huttig, president of the hospital board, and Mrs. Huttig.

The provisions of the gift are:

St. Louis Skin and Cancer hospital

to change name to Barnard Skin and Cancer hospital.

Institution must be forever free to patients.

New building to be erected on north side of Forest Park boulevard, between Newstead and Taylor avenues, to contain between sixty and seventy rooms.

No lease or mortgage shall ever encumber the hospital building.

Building to be finished by January 1, 1911.

Will Entertain the Jolly Club.

Mrs. N. L. Norton, living north of the city, will entertain the Jolly Club at a dining Wednesday.

### FORMER POLICEMAN FREED

Sent Up for Ten Years for Murder in the Second Degree.

Jefferson City, Mo., June 2.—Under a parole commutation granted by Gov. Folk, James Hurt, who came to the penitentiary from Jasper county in 1904 to serve ten years for murder in the second degree, was discharged yesterday.

Hurt killed a policeman, being himself a member of the force, while engaged in a street duel with his victim. The ground for clemency is stated in the papers filed to be sufficient punishment and palliating circumstances surrounding the shooting.

### MUST FILE BY FRIDAY

Petitions for Placing Names on Ballot for Primary.

Jefferson City, Mo., June 2.—Friday, June 5, is the last day for filing petitions and declarations for placing names on the official ballot for the state primary on August 4.

Petitions have been rolling in at quite a rapid rate for the past two weeks, mostly from the republicans, who are on the slate made by the bosses for such nominations.

Great Yacht Race to Bermuda.

Boston, June 2.—All arrangements have been made for the start of the great Marblehead-Bermuda yacht race, under the auspices of the Corinthian Yacht club of Marblehead and the Royal Bermuda Yacht club. Nearly all classes will be represented in the race starting tomorrow.

The Corinthian club has had long experience in the management of races and the coming big event promises to be as successful as the previous undertakings of the club. Commodore Morris' schooner Dervish, which won the Maier cup, New York to Bermuda, last June, has been entered in class B.

"Seasick II" in the London Derby.

London, June 2.—Seasick II, William K. Vanderbilt's entry, is being heavily backed to win the Epsom derby, the big event of the British turf, which will be run tomorrow at Epsom Downs.

Vanderbilt's crack colt has made a good showing and its owner will probably stand to win or lose a goodly sum as a result of the race. Following tomorrow's derby, the colt will be shipped back to France, to run for the Grand Prix de Paris, on Sunday, June 14.

Labor Unions Are to Unite.

Charleston, S. C., June 2.—The first annual convention of the South Carolina State Federation of Trade and Labor convened here today.

Delegates have been sent by nearly all the labor unions of the state and it is hoped to make the South Carolina federation one of the strongest in the south.

### ENGAGEMENT NOT BROKEN

Seattle, Wash., June 2.—All is in readiness for the big event of the year in Pacific coast rowing circles, the intercollegiate boat race between the crews of the universities of California and Washington.

Trained to the minute and in the pink of condition, the rival oarsmen are awaiting the crack of the pistol that will send them away over the four-mile course on Lake Washington, across the mouth of Union bay, where the University of Washington is located.

As the University of California eight has defeated Stanford, today's race will decide the intercollegiate rowing honors of the Pacific coast. Last year Stanford defeated California and rowed against Washington for the championship, the latter being victorious in the four mile race.

**"GOODS" NOT FORTHCOMING**

Paid \$10,000 to Have Administration "Shown Up."

Philadelphia, Pa., June 2.—James P. McNichol, before members of the Fifteenth Ward Union Republican club Saturday night declared that he had paid \$10,000 to an agent of D. Clarence Giboney to defray expenses in "showing up" the Weaver administration; that the disclosures were never made and the money never paid back.

"During the darkest days of 1905," said Senator McNichol, "in order to test the loyalty of the good government principles of D. Clarence Giboney, I made an arrangement to meet Giboney.

"At the meeting I made a proposition to him to show up the hypocrisy of the Weaver administration. An agent later came from Giboney to say that the thing would cost at least \$10,000, and that they had not the money.

"I have yet to be repaid the mon-

ey. This fact I make known to you because yesterday morning it was recalled to my mind by reading in a newspaper the fact that Giboney was horrified to learn certain disclosures from a detective who had been discharged for neglect of duty."

To the unprejudiced observer, there is little to choose between these two candidates for the position as mistress of the White House. Both are charming, cultured and democratic women, fully competent to play the difficult part as hostess of the White House. While Mrs. Taft has had a wider experience in social affairs than Mrs. Bryan, the natural tact of the latter is such as to make her equal to any situation.

If fate should hit upon William H. Taft as the nation's choice for president, the White House would have the jolliest sort of a chateauine. Mrs. Taft can laugh as readily as her husband, if not so loudly. She sees fun in everything, and has a sunniness of disposition which helps a lot in her career in Washington's cosmopolitan environs.

She is an accomplished musician, not a "piano player" of the seminary type, but a student who has devoted hours to the mastery of technique and months to the labor of biographical reading and the study of the history and theory of the art. She carries with her a trophy presented by the musicians and music lovers of Cincinnati in recognition of her disinterested work in the promotion of music and music study in that city.

Next to Mrs. James A. Garfield, Mrs. Taft is the youngest lady of the cabinet. She loses no opportunity to aid by means of many social graces which have given her the aspirations of her distinguished husband. Mrs. Taft is a believer in the higher education for women, and her eldest daughter is a student at Bryn Mawr. Mrs. Taft takes great delight and pride in the progress of her children, and is always ready to give them the assistance of which she is fully capable.

She is past master in the gentle art of the "little supper," and that she can meet all comers with a ready grace was demonstrated last summer on the occasion of Secretary Taft's reception to the officers of the visiting fleet of foreign warships at Hampton Roads. China, Italy, Japan, France and Germany had representatives among the sailors.

Italy's king sent his cousin, the Duke of Abruzzi. Japan sent her war heroes, and the personnel of every embassy and legation in the city congregated with resident and official society in the great ball room, at the head of which stood Mrs. Taft, looking girlish in her radiance as she gave a word of greeting to each guest.

Mrs. Taft's receptions are among the most popular in Washington. She is a graceful, easy mannered hostess, as well as a charming woman in every way. Much travel, in which she delights, has supplied her with a fund of anecdote which is never exhausted, and upon which she draws freely as a means of entertainment. She is also devoted to reading and is altogether a very intellectual woman. Mrs. Taft is perhaps less interested in the actual domestic part of her home than some of the other ladies who are her rivals for the occupancy of the White House. In social grace she excels, however, and is cordial and earnest in her manner to a degree which makes her very popular.

Should the finger of destiny point out William Jennings Bryan as the next occupant of the White House, the home of the presidents would open its doors to a woman no less picturesque than her husband. Mrs. Bryan has stood side by side with Mr. Bryan in both his campaigns. She has toured the country with him, has helped him by word and deed. She has studied economics, history, finance, and kept up with the trend of public affairs of larger caliber. She is one woman who can intelligently

**REALLY GIFTED LADIES**

EITHER WOULD GRACE WHITE HOUSE AT WASHINGTON IN GRAND STYLE.

**MRS. W. H. TAFT, MRS. W. J. BRYAN**

It looks as if one of these would be the successor of Mrs. Roosevelt as the First Lady of the Nation.

Washington, June 2.—With the presidential choice apparently narrowed down to Taft and Bryan, women of the Washington social set are busily wagging their tongues in discussion of the interesting subject as to who will be the successor of Mrs. Roosevelt as the "first lady of the land."

While Mrs. Taft is naturally better known in Washington society than the wife of the Nebraskan, and is a great favorite here, the latter has many friends and "boomers" among the women of the national capital. In this favoritism there is very little politics, the adherents of both Mrs. Taft and Mrs. Bryan basing their argument on social grounds.

To the unprejudiced observer, there is little to choose between these two candidates for the position as mistress of the White House. Both are charming, cultured and democratic women, fully competent to play the difficult part as hostess of the White House. discusses politics, and no less intelligently conduct her home. She is an expert typist and has a ready wit, supplemented by a cordial, gentle manner and a sympathetic voice. As first lady of the land she would strike a new note and one rather difficult for society, as it comes and goes, to key itself up.

Mrs. Bryan is a woman of rare accomplishments, but simple tastes. Educated at Monticello seminary and the Presbyterian seminary at Jacksonville, Ill., she was not satisfied with the knowledge thus acquired and took a post-graduate course. It was while taking this course at Jacksonville that she met her future husband. They became engaged, but were not married until four years later. During this interval she took up the study of law and was admitted to the bar of Illinois. This knowledge of law has proved of great assistance both to her and to Mr. Bryan. Mrs. Bryan was the daughter of John, Baird and Laura Dexter Baird, the latter the daughter of Col. Darius Dexter, of Dexterville, N. Y. She was born in Perry, Ill. Mr. and Mrs. Bryan lived for three years at Jacksonville before moving to Lincoln, Neb.

Mrs. Bryan is a student and recently took a special course in literature and languages at the University of Nebraska. She has also recently studied German. Her liberal education enables her to give great assistance to her children in their school and college work.

Essentially a home loving woman, Mrs. Bryan is a member of but two local clubs in Lincoln. She is fond of her flowers and one of her fads is the raising of chickens. She is also fond of sports and plays an excellent game of tennis or golf, and can ride or drive. An exercise of which she is very fond is swimming. Her saddle horse is a fine Arabian mare.

The home of the Bryans is simple and unassuming. During the construction of their new house at Fairview they lived for several months in a building constructed as a stable.

Mrs. K. W. O'Daniels, of 901 S. Harrison avenue, Sedalia, Mo., says:

"It is over two years since I used Doan's Kidney Pills, but I am pleased to state that I have had no occasion to appeal to a kidney remedy since that time. For some time I had suffered severely from pains through my back and kidneys. They were not constant, but the recurrences were very frequent, and while the attacks were at their height I was in misery. My husband finally procured a box of Doan's Kidney Pills at the W. E. **Do You Think For Yourself?**

Or, Do You Open Your Mouth Like a Young Bird and Gulp Down Whatever Food or Medicine May be Offered You?

If you are an intelligent, thinking woman, in need of relief from

weakness, nervousness, pain and suffering, then it means much to you

that there is one tried and true, honest medicine of KNOWN COMPOSITION,

sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of

weak, nervous, run-down, over-worked, debilitated, pain-racked women,

knowing this medicine to be made up of ingredients, every one of which

has the strongest possible endorsement of the leading and standard au-

thorities of the several schools of medical practice, are not afraid to

print, as they do, the list of ingredients, of which it is composed,

in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite

Prescription will bear the most critical

examination of medical experts, for it

contains no alcohol, so injurious to delicate

women even in small quantities when long continued.

Neither does it contain any narcotics, or habit-forming drugs and no agent

enters into it that is not highly recom-

mended by the most advanced and

leading medical teachers and au-

thorities of their several schools of

practice. These authorities recommend

the ingredients of Dr. Pierce's Favorite

Prescription for the cure of exactly

the same ailments for which this world-

famed medicine is advised by its manu-

facturers.

No other medicine for woman's ills

has any such professional endorsement

as Dr. Pierce's Favorite Prescription

has received, in the unqualified recom-

mendation of each of the several ingredi-</

## CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noise in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has

no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

## TRY BANKERS IN OCTOBER

Trio of New Yorkers Are Charged With Crookedness.

New York, June 2.—It is announced that the trials of Charles W. Morse, F. Augustus Heinze and Alfred H. Curtis, on charges connected with their conduct of New York banks, will begin in October. All three have pleaded not guilty to the indictments against them.

Curtis was formerly president and Morse vice president of the National Bank of North America of this city. They are accused of conspiring to deceive the bank examiners by making false entries in the bank's books to conceal loans alleged to have been obtained in order to promote speculation in the stock of the American

## TAFT VERSUS THE FIELD

IT LOOKS AS IF THE BIG SECRETARY OF WAR WOULD WIN THE NOMINATION.

## THE 200 CONTESTS OF DELEGATES

National Committee Will Pass Upon Them, and a Large Majority Expected to Be Decided in Mr. Taft's Favor.

Chicago, June 2.—What will probably be the only contest over the republican nomination for president will be fought out in Chicago this week and next before the national committee. Taft has a clear majority of the delegates as elected, and it will be a case of the administration candidate against the field.

The hope of the allies is that a sufficient number of contests may be decided against Taft, by the national committee, so as to prolong the fight beyond the first ballot. From present appearances, there is little prospect of a victory for the allies. A little less than 200 contests are to be decided by the committee, but Taft is almost certain of securing enough of the contested seats to secure his nomination without a struggle.

It is generally understood that Harry S. New, of Indiana, chairman of the national committee, is a Taft man, although the thirteen congressional districts of his state of Indiana have declared solidly for Vice President Fairbanks and have instructed for Fairbanks. Mr. Fairbanks and Mr. New, however, have not hitched in recent years, and for that matter, the tie between Senator Beveridge and Mr. Fairbanks is not the stoutest kind.

Senator Hemenway, Mr. Beveridge's colleague, is sturdy in his fidelity to the vice president. While the Beveridge men say that Fairbanks will get support from Indiana on the first ballot, they intimate that it will be of the perfunctory "we expect to lose, anyhow" kind. It is known that Mr. Fairbanks is to have a bunch of delegates from the southern states, and expects support from other quarters.

Between now and convention time the struggle will be to control the national committee. In times past, notably in 1884, the convention upset recommendations of the national committee. In 1892 the anti-Harrison men at first controlled the national committee, only to lose it and as a result scores of federal office holders were seated as delegates and President Harrison as a result was nominated on the first ballot, only to be overwhelmingly defeated at the polls.

The republican who captured control of the republicana national committee from Quay, Platt, Clarkson, Foraker and Wolcott and their friends and used this control to seat the federal office holder contestants was John C. New, Harrison's consul general to London, and father of Harry New. Harry New went through this fight with his father and he knows the ropes.

At St. Louis in 1896, Marcus A. Hanna and his friends controlled the national committee, and in the preliminary they bundled the Thomas B. Reed delegates and all delegates opposed to McKinley out of the window with scant courtesy and with scarcely a hearing.

It was on that occasion that the late Sam Fessenden, of Connecticut, had a wordy war with Hanna, and turned upon Joe Manley, of Maine, who had forsaken Reed, with "God Almighty hates a quitter." For this fracas, Fessenden to his last day was practically on the shelf in Connecticut politics.

The scenes at the sessions of the national committee and the credentials committee of the two parties have in past years been riotous, and it is predicted that similar scenes will be enacted here during the next two weeks.

THE WOMAN HATERS' CLUB

It Expelled Three Members for Speaking to Females.

Pennington, N. J., June 2.—The Woman Haters' club of Pennington seminary expelled three of its members, Messrs. Frie, Bennett and McConnell, because they have broken

one of the society's by-laws of speaking to a co-ed.

This society, which has furnished much amusement and fun during the year, was organized last fall after the first reception, when three young men were unable to win a fair companion. Only three or four joined at first, but it was not long before there was a membership of 11.

During the year they held many entertainments, engaged in debates, played basketball and numerous other games. Until a few weeks ago not a member has spoken to any of the young women students since joining the club.

## PRESIDING ELDER GOES

## METHODIST GENERAL CONFERENCE

Disposed of the Mooted Question at Monday Meeting in Baltimore  
—No Establishment of a "Mothers' Day."

Baltimore, Md., June 2.—The time honored title "presiding elder" was abolished by the adoption of a minority report from the revision committee of the Methodist general conference yesterday, recommending that the name be changed to "district superintendent," by a vote of 332 ayes to 210 noes.

This radical change of terms is the outgrowth of a desire to denote the office more correctly. It has been said for a long time that the presiding elder today is, in reality, a superintendent, that this term should be given him since his office is no longer merely sacramental, but administrative.

A resolution endorsing the movement started by the Y. M. C. A. for the establishment of a "Mother day," to be observed on the second Sunday in May yearly, was tabled. It appeared to be the sense of the conference that there were so many special observances that there were scarcely enough Sundays left for the regular work of the church.

The general conference confirmed the report of the judiciary committee sustaining the appeal of Prof. Mitchell, who was, in effect, declared a heretic by the Central New York branches.

A committee of the Central New York conference investigated the charges, reported Prof. Mitchell guilty and the report was adopted by the conference without, it is said, giving the accused man a chance to defend himself.

From this action of the conference Prof. Mitchell appealed to the judiciary committee of the general conference, the report of which sustained him on points of law, upon which only the judiciary committee is competent to pass.

## One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

## For Inflammation

### Ladies

who suffer from inflammation of the womanly organs, should be careful that they do not allow the inflammation to spread, or take fast hold, since serious disease might result, requiring, possibly, an operation.

Pain is one of the first signs of inflammation, and when it remains constant, in the back, side, hips, head, or comes back every month, your trouble is nearly certain to be inflammation, and needs prompt treatment, with Wine of Cardui.

The great popular success of Cardui, during the past half century, tells volumes as to its merit for

female complaints. Thousands of letters are received, telling of its curative powers. See the following, from Mrs. Mabel Hashenbarger, of Larkin, Kas.

"Before I took Cardui I suffered greatly with inflammation. It worked on me for some years, but hadn't bothered me much, till after my marriage, when it caused me two mishaps. After that, Cardui helped me so much and I am so thankful."

## MAY SETTLE THE STRIKE

## STATE BOARD HAS BEEN CALLED IN

The Carmen Say That the Missouri Pacific Broke a Solemn Agreement With One Thousand Employees.

St. Louis, Mo., June 2.—The state board of mediation and arbitration will try to settle the strike of the Brotherhood of Railway Carmen of America on the Missouri Pacific and Iron Mountain lines.

Ford A. Allen, of Kansas City, and Joseph Pope, of Jefferson City, two members of the board, arrived Monday, and held a conference with Frank L. Ronemus, grand chief carman, of Kansas City. It is probable that others will be summoned as soon as the board completes the hearing of Ronemus.

Ronemus says the strike was caused by the refusal of the railway management to employ 1,000 car men, as agreed between the management and the car men. Instead, the road has turned the work over to a contractor, who employs only by the piece. He says that the old rate was abolished without the agreed thirty days' notice of change.

"There is a wrong impression," said Mr. Ronemus, "as to the attitude of the car men. It has been said that we are trying to get other railway employees to quit, but this is incorrect. What action they take is voluntary, and drastic action by them, I believe, will be only where they find that they are ordered to do some work that conflicts with that of the striking car men."

## LOST A DAMAGE SUIT

Elisha Rainbolt is Defeated in Attempt to Punish Railway.

The peculiar properties of Missouri drug store whisky had much to do with the verdict for the defendant rendered in the case of Elisha Rainbolt vs. the Chicago, Milwaukee & St. Paul railroad, which was tried here, says the Hanibal Courier Post. Rainbolt sued to recover damages for injuries alleged to have been received when he was pushed, as he claimed, from a rapidly moving train by a brakeman and the contention of the railroad's attorney was that he fell off while intoxicated. C. C. Fogle of Lancaster was Rainbolt's attorney.

The plaintiff admitted taking two drinks of the forbidden liquor which has made Kansas famous, but claimed perfect sobriety. After securing the whisky in a drug store at Englewood, Kas., Rainbow walked five miles in four hours and forty minutes to the point where he boarded the train.

"Does any one believe," asked Attorney E. M. Harber, of Trenton, "that a man could have walked that distance in that length of time and not taken more of that liquor, one crink of which is enough to make a man wild?"

Witnesses testified that Rainbolt admitted when picked up after the accident that he had been drinking but said if the Lord would forgive him he would never take another drop.

The case was given to the jury at 5 o'clock and a verdict for the defendant was reported.

## TWO SPEECHES BY BALL

The Pike County Candidate Spoke in Marshall and Slater.

Marshall, Mo., June 2.—David A. Ball, democratic gubernatorial candidate, addressed the democrats of Marshall last afternoon. At the con-

sion of his speech he drove to later, where he spoke at night to the railroad men.

Ball, in defining his attitude on the honor question, said that he would not arrogate himself the power to dictate to the Saline county people what they should eat, drink, or wear, nor would the people of his county, like, have any right to dictate to the other counties of the state their mode of living or habits. It was purely a local matter.

Twenty Young Women and Men Were Penned in By Flames When Firemen Arrived and Saved Them.

New York, June 2.—A fire in Mrs. Mooney's boarding house, on West Thirtieth street, this city, early today cut off the escape of twenty boarders, and a young woman threw herself from the roof to the pavement and was killed. Several others were severely burned. The upper windows of the front and rear were crowded with men and women, begging to be saved, when the firemen arrived and rescued them.

The dead woman was Miss Mary Leilaine and she occupied the hall room on the top floor.

## HAD A GREAT PARADE

The "Drys" Pulled It Off Yesterday Afternoon.

There was an imposing parade here last afternoon in the interest of the prohibitionists in the local option campaign which will terminate June 11.

The procession was made up of several hundred Sunday school children, many of whom carried banners, followed by hundreds of men and women on foot and in carriages.

The children sang temperance songs and waved aloft flags as they marched along the streets in the downtown district. It was a highly creditable parade and caused much comment.

## DEATH OF MRS. HARPER

Funeral From Sacred Heart Church Tomorrow Morning.

Mrs. Bridget Harper, who has been ill since last fall with dropsy and a complication of diseases, and who has been bedfast two months, died at 9 o'clock this morning at the home of her son-in-law, A. C. Yost, 236 South Harrison avenue, aged 72 years.

Mrs. Harper was born in Ireland, but came to America when a little girl. For the past ten years she had made her home with Mr. Yost.

The Rev. Fr. S. Neiberg will conduct the burial services at Sacred Heart church at 8 o'clock tomorrow morning.

## HANDED OUT HOT BUNCH

"BILLY" SUNDAY, THE EVANGELIST, STARTLED PITTSBURG MINISTERS.

## WORDS CAUSED HUGE SENSATION

Many of Them Fudge-Eating Mollycoddles, Who Spring Bum-Bum-Con," Declares Former Professional Ball Player.

Pittsburgh, Pa., June 2.—Rev. "Billy" Sunday, the evangelist, delivered an address to the Presbyterian ministers of Pittsburgh yesterday. His word caused consternation among the preachers, some of whom left the First Presbyterian church, their dignity stung, but most of them stuck to the end.

Rev. Mr. Sunday, who is a former professional baseball player, has been conducting a revival at Sharon, near here, and came to Pittsburgh to speak on "Why Some Ministers Fail."

The evangelist said many of the ministers of the present day were fudge-eating mollycoddles who were continually springing bum-bum-con on their congregations.

He asserted that but few ministers of the day were anything but stiff, salary quacks, willing to accept social distinction, and many of them are qualified candidates for the "funny house."

"Some of you ministers are controlled by riches, not by the Bible. Many of you are grafters, pure and simple. You know this, too. There are some of you preaching today that should be carrying the hod."

"What we do want is to tear down the seminaries and stand the professors on their heads in mud puddles. A seminary and its teachings are of no more use in preaching than a crane's legs to a setting hen."

"I am not an osteopath. I am a surgeon, and my line is to cut out the abscesses in the side of the church."

## HAD A MONSTER MEETING

The "Wets" Had Immense Throng at the Court House Last Night.

The meeting held at the court house last night, under the auspices of the Manufacturers, Merchants and Professional Men's association, which organization favors high license in preference to prohibition, was one of the largest and best that has been held in Sedalia in many months.

Every seat was occupied, standing room was at a premium, and many were turned away because they were unable to gain entrance to the court room. Many ladies were present, and there was also a sprinkling of "drys," who desired to hear what would be said in favor of the licensed saloon.

The Second Regiment band furnished inspiring music, and Carl Botz, editor of the Journal, presided as chairman, introducing Mr. Vernon G. Rose, formerly chief of police of Kansas City, Kas., the speaker of the evening.

Mr. Rose spoke for two hours and had the closest possible attention of his auditors. His utterances were free from vituperation, and the universal verdict was that his address was a masterly one in behalf of the cause he espoused.

Tonight Mr. F. W. Swinney, an orator of ability from Paris, Mo., will speak at the same place in favor of the licensed saloon, and the Second Regiment band will again furnish music. A cordial invitation is extended to the public to be present.

## RESIGNS FROM "M. S. U."

New Job for Dr. Raymond Weeks, Who Was Feared in Jackson Co.

Columbia, Mo., June 2.—Dr. Raymond Weeks, who has resigned from the faculty of the University of Missouri to take the chair of romance languages at the University of Illinois, was reared on a farm in Jackson county. In 1890 he received the degree of A. B. from Harvard, and in 1891 the degree of A. M.

In the two years immediately following his graduation from Harvard he was professor of French in Michigan. In 1893 he was elected to a traveling fellowship at Harvard and spent the time studying abroad at Paris and Berlin. He was made pro-

fessor of romance languages of the University of Missouri in 1895.

He is a director of the International Association of Phonetics, which has its head in Paris, and was recently a member of the committee of five which reported on the phonetic alphabet of the English language.

Mr. Thompson Goes to Coast.

The Democrat-Sentinel is in receipt of a postal card from James C. Thompson, a former Sedalia banker, care of Aguascalientes, Mexico, May 27, saying: "Please change my address on your paper from Aguascalientes, Mexico, to No. 2373 West Twenty-first street, Los Angeles, Cal., and oblige."

## GIRL SHOOTS HER UNCLE

WAS THREATENED WITH WHIPPING FOR TAKING FRUIT FROM A TABLE.

## PUT BULLET IN RELATIVE'S NECK

Luther Reese, a Farmer Only 22 Years Old, Who Lived Northwest of Walter, Oklahoma, Was the Unlucky Man.

Walter, Okla., June 2.—"If you do I'll shoot you," replied determined Lillie Whalen, 10 years old, when her uncle, Luther Reese, banteringly told her that he would whip her if she took some fruit from the table.

"Just go ahead and shoot," said the playful uncle, and in a jiffy the child had seized a rifle and Reese was prostrated with a bullet in his neck.

The ball passed through the right shoulder, entered the neck and lodged against the cervical vertebrae, producing instant and almost complete paralysis of the body. He is in a critical condition.

Reese is a farmer, about 22 years old, and resides on the farm of W. T. Murphy, five miles northwest of here.

He was peeling peaches and the little girl was playfully slipping them from the table when he threatened to whip her.

## VERY FEW SALOONS THERE

An Increase in License From \$300 to \$1,500 the Cause.

Kansas City, June 2.—There has been a "weeding out" of saloons in Albuquerque, N. M., according to A. P. Moore, a hotel man of that town, who was at the Sexton hotel last night.

"Within the last year the saloon license in the city has been raised from \$300 to \$1,500 a year," Mr. Moore said. "Where before this increase we had thirty-seven saloons,

we now have nine. Enough to drive the brewery people to drink, isn't it?"

## RAN WITH THROAT CUT

Man in St. Joseph Ends Troubles Strangely.

St. Joseph, Mo., June 2.—Robert J. Roark, supposed to be a lawyer from Junction City, Kas., cut his throat in a hotel here this morning. Then he jumped from a second story window and ran to a residence a block distant, burst through a window and fell dead in the kitchen.

Papers on his person indicate domestic troubles as the cause of his desperate act.

## TRAIN SMASHES RECORD

IT CARRIED A SURGEON ON MISSION THAT MEANT EITHER LIFE OR DEATH.

## 458 MILES, 7 HOURS 57 MINUTES

Dr. John B. Murphy, of Chicago, Was Carried to Pittsburgh on a Special Train—Woman Run Down on Way.

Pittsburgh, Pa., June 2.—All records for fast time between Chicago and Pittsburgh were smashed when Dr. John B. Murphy, the Chicago surgeon, arrived here yesterday on a special train.

In just 7 hours and 57 minutes the special made the run of 458 miles from Chicago. The former record was nine hours.

The record-breaking run was made so that Dr. Murphy could attend a consultation here at the bedside of Mrs. W. J. Crittenden, daughter of the late Thomas B. Oliver, millionaire street magnate, who was operated on last week for appendicitis. After the consultation Mrs. Crittenden's condition was reported much improved.

In the wild night ride Mrs. Simon Schive was run down and fatally injured near Salem, O. When Dr. Murphy was summoned Sunday night at 10 o'clock he found that the last train for the east left Chicago at 3 p. m. A second telegram read: "Hire a special train. Come at any cost."

A special bearing the doctor left Chicago at 12:53 a. m. yesterday. The train crew's instructions were to lose no time. The tracks had been cleared all the way to Pittsburgh.

Patient Greatly Improved.

Kansas City, Mo., June 2.—Ex-Governor T. T. Crittenden received a telegram from his son, William J. Crittenden, late last night, saying that Mrs. Crittenden's condition was much improved and that she probably would recover. Crittenden was summoned from a business trip to Mexico by his wife's sudden illness. He arrived at home yesterday.

Everett Castro Surrenders

Was Brought to Sedalia by Sheriff This Afternoon.

A Negro Thief Admitted That He Had Robbed Seven Houses.

Kansas City, June 2.—When J. J. McGraw and J. B. Keshler, city detectives, arrested Harry Edwards, a negro who was roaming near Third street and Broadway yesterday afternoon, he confessed that he had robbed seven houses in Kansas City this afternoon to await preliminary examination next Saturday.

Castro surrendered and was found near his home two miles southwest of Cole Camp. He is charged with having had carnal knowledge of the Bell girl, and later employing Dr. W. T. Simonds to perform a criminal operation on the girl, who died from the effects.

Dr. Simonds and G. H. Corbett are also awaiting trial for participation in the crime.

## THEODORE'S PEACE PLAN.

It is alleged that President Roosevelt considers the outcome of his struggle in congress over the four battleships program as more than a half way victory, inasmuch as he secured authorization for the building of two battleships and the promise of building two per year hereafter. It is announced that, "had he been victorious in having four ships authorized at this session, he believes the United States could have dictated terms of disarmament to the nations of the world."

The German kaiser, in his boldest flights of military optimism, can hardly keep step with our Teddy in calm coolness. It is announced by his intimates that he firmly believes in the ability of the United States to dictate the naval policy of the world in the future through a demonstration of our power to overwhelmingly outstrip rival construction.

He would destroy the "balance of power" by making such balance financially impossible—striking a gait that no other world power could hope to attain.

## ODD ADVERTISING.

A college graduate who took his degree in Cornell University some years ago, advertised for a position recently in all the leading New York newspapers. He advertised in the usual way, but got no responses. Finally, he decided to be original and inserted an advertisement which he headed "An Utter Fool." He then proceeded to describe himself as a college graduate, who failed at everything he had undertaken. He stated that he was totally unfitted to fill any business position; that he had no accomplishments that would induce any man in New York to pay him 5 cents a week to get him as an employee. Among other things, he requested that any one who desired to communicate with him must first state the color of his eyes and nose, or he would not give them the benefit of an interview. He got many ans-

wers to his unique ad., with the result that he was offered a position at \$2,500 a year.

## COURTS PROTECT CREDIT.

An important decision was handed down in one of the New York courts the other day, whereby in the cases of children born in a certain religious faith, and through the death of parents left in charge of a person of different religious belief, it is justifiable to take them out of the care of that person and place them in charge of a guardian who will rear them in the faith in which they were born. The children in question were born in the Catholic faith, and by the death of their mother were left in charge of their step father.

Although the latter had provided well for the children and had been a good guardian, the fact that he was a Protestant caused the court to order that the children be placed in charge of a Catholic until they should reach the age of maturity and be able to decide for themselves, the question of religious selection.

## OPPORTUNITIES.

A great stream of opportunities is constantly going by, says the "Shop Shots" man, in Printers' Ink. Pick out the ones that you can use and nab them. When it comes to nabbing opportunities there is no assistant more efficient than the daily newspaper. Its advertising columns strike while the iron is hot. Newspaper advertising copy need never lag more than a few hours behind current events, while other mediums trail weeks or months in the rear. It stands to reason that the newspaper advertisement, fresh from the pen of the advertiser, hits more people and hits them harder than the magazine ad. put away in cold storage many moons before the date of its publication.

It may be true, as the president says, that the poor are not growing poorer; and taking considerable stretches of time into account, this is unquestionably true. But the trusts which have been flourishing like green bay trees during the Roosevelt administration, and which he is not willing to touch through the tariff, have raised their prices until it is harder for the poor to live than it was when he entered the White House.

The Filipinos have afforded Secretary Taft and his imperialistic followers another striking proof of their fitness for self-government by the act of the legislative assembly in cutting one-third off the salaries of the government employees. As most of these employees are Americans, it is expected that this act, if approved by the colonial governor, will be followed by a large exodus of office holders from the islands.

It is hoped that the Soothsayer who invented a gun that will shoot a projectile from London that will land in Paris will not take it into his head to invent bagpipes that can be heard the same distance.

According to reports, President Eliot of Harvard, wants to limit the college football teams to two games a season. If such ideas are carried out the cause of higher education will be at a discount.

The doctor who declares that men are more beautiful than women is still insisting that this is not said in idle jest. At the same time, it would be interesting to learn the identity of his lady acquaintances.

## Mitchim's Brother as a Body Guard.

The case of J. F. Mitchim, charged with the murder of M. M. Harrell at El Paso, is set for trial June 22. Mitchim's brother, C. C. Mitchim, from De Soto, Mo., is there and accompanies the indicted everywhere he goes.

Harrell's friends are very bitter against Mitchim and he fears violence.

## A Subtle Difference.

Mrs. Blank wife of a prominent minister near Boston, had in her employ a recently engaged colored cook as black as the proverbial ace of spades. One day Mrs. Blank said to her:

"Matilda, I wish that you would have oat meal quite often for breakfast. My husband is very fond of it. He is Scotch and you know that the Scotch eat a great deal of oatmeal."

"Oh, he's Scotch, is he?" said Matilda.

## HOUSTONIA ITEMS.

Houston, Mo., June 1. Mrs. Mary Ferguson left Monday morning for a visit with her sister in St. Louis.

J. Glenn Robertson and wife spent Monday in Sedalia.

Mrs. Claude Grubbs and her little daughter, of Kansas City, are visiting her mother, Mrs. Bettie Ferguson.

Miss Odie Berry, of Sweet Springs, spent Sunday with her sister, Mrs. T. A. Smith.

Miss Frances McClure left Sunday afternoon for a visit with friends in Marshall.

Martin Benning went to Kansas City Saturday on business.

Mrs. J. M. Irwin, of Marshall visited B. F. McClure and family Saturday and Sunday.

Mrs. Henry Tevebaugh was shopping in Sedalia Saturday.

Mrs. H. A. Longan entertained, on Tuesday at dinner Mesdames Emma Longan, J. C. Longan, S. E. Berry and Gail Smith, and Mesdames F. H. Tisdale, Hamp Reavis and Ed Reavis, of Sweet Springs.

Mr. and Mrs. T. W. Warren entertained the ladies of the Twentieth Century club and their husbands and gentlemen friends last Wednesday evening at their pretty home, seven miles from town. Progressive "42" was played, Miss Grace Robertson scoring highest of the ladies, and won a beautiful plate. Jay Dorsey received the gentlemen's prize, a book. The lunch consisted of fruit salad, cheese straws, ham sandwiches, olives, ice cream and cake.

The next meeting will be with Mrs. Perry Dorsey.

## A Good Wedding Innovation.

An innovation in wedding gifts has been introduced abroad—an excellent innovation that no doubt soon will appear here.

In London, if Lady Brown, a guest at the Smith-Miller wedding, is a friend of Lord Smith instead of his bride, it is to Lord Smith, not to the lady, that she sends her present, which takes the form of a set of pearl studs, a gold cigar case or a long cigarette tube of platinum and amber.

The fashionable intelligence of the London papers at this season has such announcements as these: Countess Jackson's gift to the bridegroom was a wristwatch; Lady Brown gave a gold smoking set; the Hon. Mrs. Maudon's remembrance was a dozen razors with mother-of-pearl backs; the Marchioness Jones gave a cigar cabinet of ebony and silver, and Lady Wright's good taste was manifested in a motoring coat of pony skin.

## All in Red.

The playwrights over their supper of lobster and champagne boasted, "I," said the greatest of them, with a complacent glance at the two pure pearls in his shirt front, "decreed the color of every actress' frock."

"That is carrying the regard for tail too far," said a playwright who had failed.

"Not a bit of it," said the other. "If I didn't decide on the color of the dresses the stage manager would Why, that must always be done. Otherwise, in their overmastering desire to draw all eyes to themselves, every actress would wear bright red. In my first play the frocks were forgotten in the general excitement, and at the first dress rehearsal all six actresses came on in the discovery scene in scarlet gowns."

## Blocked.

"Too bad about Keene. There's a fund of good, humorous stuff in the stories of the would-be society people in his new neighborhood."

"Well, he's just the fellow to take advantage of that for his funny sketches."

"Yes, but his wife is trying to get into society there."

**LETTERS OF SWEETHEART**

The Quest of the Postoffice Safeblower, Who Stole Nothing.

Water Valley, Miss., June 2.—"Just hunting for my sweetheart's letters; didn't mean no harm; haven't heard from her in several days."

This was the note found pinned onto a roll of United States currency with no signature attached yesterday morning when the postoffice was opened. The safe had been blown open.

More than \$100 in silver had been scattered on the floor, and, so far as the officials can learn, nothing is missing.

**DISPLEASES THE OLD TIMERS.**

Prejudice Against Power Transmission Through the Mountains.

Cautiously trailing through some shadowy canyon of the Sierras, perhaps with treacherous footing along the bed of a turbulent mountain stream, sheer, craggy walls of rock rising on either side to 60, 80 or 100 feet, from which every vestige of living green has been torn by the spring torrents and above which again mount 300 or 400 feet of steep, forest-clad slopes, the keen eye of hunter or prospector may sometimes light upon two or three wires swinging in a crescent high above the feathered tops of the pines. The span from supporting peak to supporting peak may be 200 or 2,000 feet.

If the explorer is a stranger and unacquainted with the peculiarities of the country his first thought will be of telegraph or telephone. But the old hand knows better and, if a hunter, will probably ejaculate with an oath: "Transmission!"

**MUST GO BACK TO TEXAS**

THE UNITED STATES SUPREME COURT SO DECIDED IN THE H. C. PIERCE CASE.

**EXTRADITION STEPS ALL LEGAL**

Might Be Returned With No Indictment—Judge Says That it is Only Necessary to Make a Charge of Crime.

Washington, June 2.—The supreme court of the United States decreed yesterday that H. Clay Pierce, president of the Waters Pierce Oil company, must return from Missouri to Texas to answer an indictment charging false swearing.

The legality of the steps taken to effect Pierce's extradition was affirmed in every particular. It was held that, whether the indictment was good or bad, or, indeed, whether there was one at all, it requires nothing more than a charge of crime to extradite a person from one state to another.

The case was appealed directly to the higher court from a judgment of the federal court at St. Louis, which demanded Pierce, upon a writ of habeas corpus, to the custody of Chief of Police Creecy. He stands charged with the crime of false swearing in Travis county, Texas.

Governor Campbell, of Texas, made a requisition on Governor Folk for the custody of Pierce, and the Missouri governor caused a warrant to be issued. The indictment was attached to the requisition. The writ of habeas corpus was issued while Pierce was being held under the warrant.

It was contended by counsel for Mr. Pierce that his detention was unlawful, because the indictment which was the only excuse, was not a charge of crime within the meaning of the provisions of the constitution regulating interstate extradition.

The opinion of the supreme court, which was read by Justice Moody, was in effect that the constitution does not require an indispensable prerequisite to interstate requisition, that there should be a good indictment, or even an indictment of any kind.

**PATIENT WAS DISCHARGED**

After Ten Years in a Hospital and He Then Drank Poison.

St. Louis, Mo., June 2.—Discharged as cured from the City hospital, where he had been a patient for ten years, Louis Pendorf, 64 years old, was so grief stricken that he drank poison at the Union station late Sunday night.

He died in an ambulance that was taking him back to the only home he knew, and his body lies in the dead house, where, until last Wednesday, he worked as a "detail." Pendorf was once wealthy, but lost his family and fortune in a yellow fever epidemic in New Orleans.

**SAYS BRAIN DOES NOT FEEL**

French Professor Declares Stomach Is Emotional Center.

The solar plexus is the emotional brain, says Prof. Francois Guyot. An emotion that attacks us is felt there first. Thus, if we feel anxiety it may give us, if severe, a positive stomach-ache. It may even be productive of nausea.

While the brain does the thinking, Prof. Guyot opines that it does not feel. The cerebrum, the major part of the brain, is the intellectual, but not the emotional center. The brain represents the intelligence. The spinal cord and the cerebellum, the latter the little brain, not yet well understood, and attached to the brain proper, govern equilibrium and the muscles of the body. But the emotions are located in the sympathetic nervous system ramifying through the body. Their chief center is the great plexus of nerves which lies against the backbone and embraces the stomach.

This does not think, but it feels. What it does not feel is not felt at all, apart from pure intellectual cognition, and its purely passive and subjective sensations may often be regarded as warning of danger or possible mischief.

**LUNG DISEASES****Spring Coughs Are Dangerous**

They indicate that there is something radically wrong. All persons affected, and especially all those who suffered from an attack of the "gripe" during the past winter, should beware. More fatalities and deep seated chronic diseases of the Lungs, Heart, Liver and Kidneys and many grave nervous disorders are directly traceable to the effect of these malignant "gripe" germs than all other causes combined. These malignant germs have a way of setting in the deeper structures and then setting up conditions that resist the ordinary methods of treatment. We, as specialists, pride ourselves on being able to overcome this most formidable enemy of mankind our famous

Peculiar Ceremony Believed by Many to Be Legal.

"Second-hand marriages," said a clergyman to a Philadelphia Bulletin writer, "are believed legitimate and binding by many ignorant people. In fact, during my slum work, I found a number of worthy couples who claimed to have been married second-hand. Of course, such marriages have no existence in law."

"To marry second-hand, you and your lady attend an actual wedding, and silently make the responses which the real bride and bridegroom make aloud.

"Second-hand marriages are popular on account of their cheapness—they save all fees. Their secrecy is another great advantage—one can find them out. In fact, everybody would probably marry second-hand, but for the unfortunate fact that the ceremony doesn't legally hold."

Mrs. Homer Clay Washington Was Not Talking Against "Society."

There has never been any difficulty about securing Mrs. Homer Clay Washington of Maple court, when one more woman was needed for washing or scrubbing, so that when two postal cards failed to bring her to the Morse residence one winter Mrs. Morse went to see what could be the trouble says a writer in the Youth's Companion.

She found Mrs. Washington evidently in the best of health, entertaining two of her neighbors, and was welcomed most cordially.

"I'm mighty glad to see yo', Mis' Morse," said the hostess, "an' de family all tole well?"

"Not as well as we should be if you had come to help us out," said Mrs. Morse. "Why didn't you come when I wrote you? We thought you would be ill."

"No, indeed, Mis' Morse," and the black head, tilted airily: "I'se enjoying de best of health, an' de char'ty society done 'stablish a bread, soup an' coal fund up de corner, so none of us ladies de co'st has to work dis rheumaticky time ob yeah."

"You hear folks talkin' 'bout de harm society does, but us ladies ob Maple Co'st is right ready to stan' up fo' it any time now."

**Kindred Spirits.**

Nothing is more certain than that our manners, our civilization and all the good things which are connected with civilization have, in this European world of ours, depended for ages upon two principles, and were indeed the result of both combined; I mean the spirit of a gentleman and the spirit of religion. The nobility and the clergy, the one by profession, the other by patronage, kept learning in existence even in the midst of arms and confusion, and while governments were rather in their causes than formed. Learning paid back what it received to nobility and priesthood—and paid it with usury, by enlarging their ideas

# Stand Up For Sedalia!

**Mr. S. W. Swinney, who speaks at the court house tonight, is an old resident of Monroe county. Shortly before the election of April 8th, he addressed the following letter to a friend in Paris, it was published in the Paris Mercury of April 3rd, and it is safe to say that it contributed in no small degree to the defeat of prohibition--The letter is as follows:**

I see from the Paris papers that you are to have an election in Monroe county on the question of Local Option and having had twenty-one years experience under prohibition in Kansas, I feel qualified to testify in the premises, and I unhesitatingly pronounce it the greatest fraud ever enacted into legislation.

I freely predict that should it be adopted in Monroe county it will prove disappointing and embarrassing to its friends who now advocate it, and a very expensive experiment to the property owners and tax payers of the county in general.

Instead of being a cure it but aggravates the disease by reason of the fact that such a law cannot be even reasonably enforced and does not prohibit, and where adopted all true temperance work ceases; and all true temperance organizations fade away and die.

At least such has been the result in Kansas, which after twenty-seven years under legislative prohibition is the freest whisky state in which I have ever resided.

The prosperity of the state today is simply due to her natural advantages, and in spite of legislation.

I am aware that Governor Hoch recently stated that the "prohibition law" was as reasonably enforced as other laws in Kansas, but if he was well advised in the premises, (he certainly must be) he knew that he misstated the facts, to put it mildly, for right under his very nose in Topeka and in nearly every city or town of consequence in the state the law is being flagrantly violated, if not in the open saloon, in the blind tigers and drug stores and by the omnipresent bootlegger, whose name is legion throughout Kansas. But to speak from the card and not generalize: I resided twenty-one years in one of the best counties in the state in point of natural advantages and population, and I was clerk of that county for five years keeping the records of said county and was thoroughly acquainted with the operation of the prohibitory law and the many efforts to enforce its provisions.

During all that time from seventy-five to one hundred liquor joints, mostly open saloons, were conducted in the county, and to a great extent the same is true today. But not only is it incapable of reasonable enforcement and does not prohibit, but its ceaseless agitation keeps it so constantly before the mind that it thus undoubtedly increases the use and likewise the abuse of intoxicating beverages, creates contempt for law, fills the jails, thereby largely (almost doubles) increases court costs and makes taxation an

What Mr. Swinney says in his letter but corroborates what has been said before about the prohibitory law and its enforcement in Kansas. It is the same old story of deficits, illegal sale of liquor, increased taxation, depreciated values, etc. We do not want prohibition in Sedalia. We cannot afford it from a financial or moral standpoint. It is our duty to **STAND UP FOR SEDALIA** and vote prohibition down.

enormous burden--and without any good whatever.

Ten years ago the county of which I was clerk was practically out of debt, but notwithstanding it has levied the full amount of taxation it is now over \$100,000 in debt and does not owe any bonds; every dollar of which indebtedness resulted from liquor prosecutions and boarding prisoners in jail. In fact it has become almost respectable to go to jail for selling liquor in Kansas.

Again, in liquor prosecutions, witnesses, otherwise of best repute will not give testimony to convict, and jurors refuse to convict, even on hostile testimony, and purjury under the prohibitory law in prosecutions and in signing of drug store liquor blanks is a matter of such common occurrence as to constitute a trivial, if not a pardonable offense in Kansas.

**Again, prohibition is graft personified on the part of its chief advocates,** and official graft to perfection wherever adopted and as all court and peace officers in prohibition communities or states become suspects by reason of the attending circumstances

**Many conclude that "the game should follow the name" and graft in the rostrum, in the pulpit and in the courts of justice follows, feeds and fattens under the prohibitory law.**

Again, attempts to enforce such a law only close the open saloon from which revenue is derived under a system of fines, and instead open the blind tiger and multiply the bootlegger, and the sale and use of intoxicants goes on just the same, only it plays hide and seek in cellars and subways, in stables and outhouses, or up three flights of stairs; but beer being too cheap and bulky for a clandestine trade, whiskey, the stronger and more harmful drink, is substituted for beer, and bottle and jug trade for dram drinking, and where open saloons are not allowed, the church saloon (called drug stores) multiply and thrive, and it is not uncommon to see from four to six drug stores in towns of two or three thousand people where more than one could not exist on legitimate drug trade.

Hence, as I have said, prohibition does not prohibit, hinders temperance, adds nothing to morality, decauses officials and public conscience, add to criminal lists and court costs, depreciates property, drives out capital, increases taxation and like all other sumptuary laws, so many men feel that it is an infringement on inherent rights and personal liberty that they resent it and in many ways hinder enforcement, especially as jurors and witnesses; and unless old Monroe wants to experience the situation and circumstances as I have truthfully related in this letter, local option should be defeated.

"Some people think that animals are now slaughtered in as humane a way as possible," said Mr. Bergth, who is the nephew of the founder of the great American S. P. C. A. "That is a fallacy, yet it is a fallacy believed in very widely. It is as widely believed in as that other fallacy of which the two dog fakers joked."

"Two dog fakers were looking in the lost and found column of a newspaper."

"Here yare," said the first. "Lost, a black poodle; \$25 reward." There's yer chance, Jim. Take 'em that there poodle ye collared yesterday."

"But it's a white poodle," Jim objected.

Kipling's Town Monument.

The naming of a new Canadian town after Mr. Kipling puts him on a level, in this respect, with Shakespeare. Not counting our own Shakespeare cliff at Dover, we find just one Shakespeare in the atlas, and that in Canada. Dickens scores four times in the United States, and Thackeray once.

That is to say, they do if we may assume that the places in question were named in honor of the novelists and not after some obscure individual.

Doubts of this kind increase in the cases of the 30 odd Scots revealed by the atlas, not to speak of the 50 or 60 Miltons. But a good many of these and of the Dodd Byrons must certainly attest literary enthusiasm, whatever we may think of the two American Bacons. —London (Eng.) Daily Chronicle.

A memorandum drawn up by the German colonial office, and attached to the estimates for the information of the members of the reichstag, contains a statement of the present condition of the labor question in Samoa, in which it is stated that the white population was formerly entirely dependent upon Samoan workmen, while now the major part of the work at most of the plantations is done by Chinese imported for this labor. Each Chinese laborer receives in wages \$2.86 a month. The total cost of each to the employer, the report states, including wages, maintenance, passage money, and medical treatment, is calculated at from \$8.93 to \$11.90 per month.

"Bonus" ought to be "bonum," since it is evidently intended to mean "a good thing," and therefore should be neuter, not masculine. ## JAMES K. JONES IS DEAD

DEATH CAME QUITE SUDDENLY  
AT THE CAPITAL OF THE  
NATION.

## FORMER SENATOR FROM ARKANSAS

Had Just Returned From a Visit to a  
Daughter in That State—De-  
mise Attributable to  
Heart Failure.

Washington, June 2.—Former United States Senator James K. Jones, of Arkansas, died at his residence here at 5:30 o'clock last afternoon, after an illness of a few hours. He was 69 years old.

Senator Jones was one of the leading democrats in the senate from 1885 to 1903, and was one of the strongest supporters of William Jennings Bryan, having, as chairman of the democratic national committee, conducted the campaigns of 1896 and 1900.

Since leaving the senate in 1903 he has conducted a law practice in this city and has not actively engaged in politics.

On Friday Senator Jones returned from a visit to his daughter, Mrs. Leonora Carrington, in Arkansas, and Sunday night was apparently enjoying good health.

Complaining slightly Monday morning, he remained in bed, and at 5:30 last afternoon died, the immediate cause of death being heart failure.

Mr. Jones was born in Mississippi in 1839. He is survived by his wife and three children.

He asserts that he is the only white man ever permitted to enter the forbidden city of Lhasa. Lee has in his possession newspaper accounts published in Calcutta, Bombay and New York in substantiation of his assertions.

Norwalk, Conn., June 2.—Affinity parties are all the rage among the churches of Norwalk. Affinity parties are unique affairs and cleverly dictate two things usually left to fate and Cupid.

The young men are blindfolded the same as in the time-honored game of blind man's buff, and they are then released in turn in the center of the bevy of young ladies. The ones they catch are their affinities.

Not only is their fate thus decided, but with their prize they get a sample of her cooking, for each lady participant brings lunch for two.

The chances of the game are somewhat perfected by the fact that the young ladies come to the assistance of fate in many cases and fall easy prey before the outstretched hands of the ones they are willing to cast their lot and lunch with.

### "TREASURE" OF LITTLE WORTH.

Forefather's Buried Coins That Proved a Disappointment.

A highly respected man of old family had a "chamber of secrecy" in his house which the sanitary authorities one day insisted on entering. Beneath the floor the servants found a large antiquated earthen pot, which was at once taken to the master, Kitayama, who opened it in expectation of finding something, and true to his anticipations the pot was filled with ancient gold coins.

His joy was unbounded. The valuable find, evidently an intended gift of his forefathers, was carefully deposited in the family shrine, to which sake and other offerings were made in profound obeisance to the memory of the good ancestors who left such a splendid gift to posterity. A banquet was given on the following evening in honor of the auspicious event, to which several friends and neighbors were invited.

Here a curio dealer proceeded to inspect the coins to the breathless interest of the whole group, and the critic at once pronounced them all lead washed with gold.—Japan Times

### SECRET OF VERNAL HAPPINESS.

Reflection of the Joy That Was Felt by Primeval Man.

"The coming of spring makes us happy," said an ethnologist, "because, millions of years ago, it made happy the hairy, gibbering creatures that men then were. Primeval man lived in trees, in caves and burrows. He could not build and he had not yet discovered fire. Hence winter, with its sleet and snow and ice, was a time of terrible suffering to the poor naked wretch. With the spring's coming, the return of the flowers, the birds and the blue skies, with the return, above all, of the warm sunshine, naked man rejoiced with an intensity we can hardly imagine. He lay on the green grass, the sunlight poured its gold floods of warmth on his reddish hide, and he was profoundly happy in the thought that for five or six months he would be quite comfortable. It is a faint, dim memory of that happiness which makes us to-day vaguely rejoice in the beautiful spring weather. Vaguely hope that something pleasant is going to happen to us."

### Don't Clog the Pores.

Why does a quick sunburn cause never? Because it suddenly closes the pores and stops perspiration. You may recollect that a few years ago a man in an abbreviated bathing suit was left by the ebbing tide on a small point in Jamaica bay the greater part of a day. The direct sun almost literally parched him. The temperature was 156 degrees. When rescued, the poor fellow was delirious. Every sweat gland had been closed, and his skin was the color of a Japanese. It was like searing a steak for broiling, or cauterizing a wound. Physicians were powerless to relieve him, and he died in great agony. All of us have suffered slightly by sunburning the arms alone, from the elbows down;

imagine having the entire body scorched!

### Kaiser Makes the Biggest Book.

The kaiser, who has not until now given the world assurance of being a bookmaker, has, as might be expected, started with a record. The volume which he has presented, through the German ambassador at Washington, to President Roosevelt, bulk so big as to be beyond the wit of man to give it natural conveyance, and Baron Speck von Sternburg was fain to convey it to the White House in a vehicle. The volume stands some six feet high, and is rather more than half as thick. It further differs from all other books in being without a title. It is, it appears, a gigantic encyclopaedia of Germany, and from its place in the congressional library it will tower a lofty monument of the Fatherland.

### San Diego's Harbor.

So completely sheltered and so completely land locked is the harbor that within the entrance, which is only 1,500 feet wide, there are over 22 square miles of anchorage ground for vessels of ordinary draught. There is a depth of water over the outer bar, some five miles outside the entrance, of 35½ feet, and there is a depth at the pier head line of 51½ feet. The channel depth is greater than any harbors of this country save that of Boston, which is 36½ feet; Portland, Me., which is 39½ feet; and San Francisco, which is 39 1-5 feet.

### Kill the House Fly.

The fly transmits typhoid through its feet. It can carry thousands of bacilli on each foot, and if it lights on food and the food is eaten disease is apt to follow. The fly does not wipe his feet, and there is no use in trying to train him to do so. The only resource is to get rid of him entirely. All careful housekeepers have their windows and doors screened, but this is valuable largely as a matter of comfort; it does not go to the root of the trouble. The flies infest butchershops and grocery stores, and we shall never be immune until we attack the fly as an enemy of society.

## RECOVER HIS EYESIGHT

**SENATOR THOMAS P. GORE TAKING TREATMENT AT NATIONAL CAPITAL.**

### DR. WILLIAM WILMER ATTENDANT

The Gifted Representative From the New State Lost His Sight in Childhood—Is Slight: Hope of Recovery.

Washington, June 2.—In the hope that he may recover his eyesight, Thomas P. Gore, the blind senator from Oklahoma, entered upon a course of treatment yesterday at the Episcopal Eye, Ear and Throat hospital in this city, under the care of Dr. William Holland Wilmer.

Senator Gore lost his sight in childhood, and but slight hope is held out by the physicians as to the benefit to be derived at this late day.

"The treatment is experimental," said Senator Gore. "I will continue with the treatment for a week, and if there is any improvement Dr. Wilmer will perform a slight operation on the crystalline lens.

"The retina of my left eye has become detached from the optic nerve and the treatment will furnish it with nourishment. My long stay is dependent on there being no opposition in Oklahoma to my returning to the senate. The nominations close June 16."

Senator Gore's term in the senate expires next March.

### MAKES HIMSELF A MARTYR

Goes to Jail for Beating Wife Who Prefers Church to Home.

Trenton, June 2.—Because his wife stayed out later than he thought she should to attend religious meetings, Christian Kennard beat her, and when he was fined \$5 by Police Justice Harris he declared that he would become "a martyr to religion" and go to jail rather than pay the fine.

Mrs. Kennard told the court that she had "got religion," and she did not think her husband should be too exacting of her in her household duties when she wanted to spend time in church. Kennard's martyrdom was such a surprise to his wife that she wept and begged him to pay his fine and go home with her, promising to reduce her religious ardor if he would. The man, however, remained obdurate and went to jail.

### DOCTOR THE SKIN TO CURE THE SKIN.

Scientific Study Proves Eczema Can not Be Treated by Dosing the Stomach With Drugs.

Advanced medical science, after years of study and research, is now practically agreed that Eczema, psoriasis, salt rheum, and diseases of like nature are skin diseases—and cannot be cured by doctoring the blood. The treatment prescribed is the direct application of healing, soothing remedies to the skin.

"Doctor the itch where the itch is"—such is the common sense as well as scientifically correct conclusion.

Oil of wintergreen, compounded with such other soothing vegetable remedies as glycerine and thymol in D. D. D. Prescription, is recognized as the specific. Physicians use D. D. D. Prescription freely in their practice.

Dr. C. A. V. Hartshorn, Washington, D. C., writes as follows:

"D. D. D. Prescription is medicinal, soothing and the effect is miraculous. God knows it saved me a deal of suffering. I recommend it to everyone I can."

This letter is only one of many testifying to the merits of this purely vegetable remedy. Copies of other letters may be seen at our store—W. E. Bard Drug Co. Free treatise on care and nutrition of the skin may be had on application.

### Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength for combating an abundant nourishment for the child. Expectant mothers too will find it a precious aid. Doctors say the system for baby's coming and recovering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing and distressed sensations in the teeth, dizzy or faint spells, see imaginary specks or spots before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteroversion retroversion or other dispositions of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find it faithfully and a permanent cure by using faithfully and consistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its makeup. All the ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce's prescription invites the family investigation of his claims, knowing that it will be found to contain only the best agents known to the most advanced schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treatment.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

The young man said, "Thank you, and kissed his bride. They picked up their bucket and resumed their errand.

It just happened the girl had been over on a neighborly visit to the young man's folks, and by reason of my appearance at the critical moment the boy was able to sweep away her scruples.

### DENOUNCE CHEAP COLLEGES

Doctors of American Association Classify Medical Institutions.

Chicago, June 2.—Seven thousand doctors are attending the annual convention of the American Medical Association, which opened here yesterday.

The committee on education will present a report sharply attacking cheap medical colleges. The committee has prepared statistics by which all American medical colleges are grouped under three heads, and action will be urged against colleges whose graduates score more than 20 per cent of failures in their practice.

The first classification groups together those colleges whose graduates have averaged less than 10 per cent of failures; the second, those whose alumni have averaged between 10 and 20 per cent of failures, and third, those whose graduates have shown more than 20 per cent of failures.

### CHEAP MEALS IN NEW YORK.

The seven-cent restaurant in the basement of the six-story apartment house known as the Mayflower, in Clinton street, now furnishes evening as well as morning meals. There are 12 long tables in the restaurant, at which 120 people may be seated, or ten to each table, and the places are occupied from nine a. m. to one p. m. and again from five to 7:30 p. m. The seven-cent meal is wholesome and clean, and the undertaking is receiving so much encouragement from men who derive benefit from it and save money by going there that the managers hope to make it self-supporting in a short time. A similar establishment in Chrystie street, where over 1,400 meals are served every day at 12 cents a meal, has been in existence nearly three years and is now self-supporting.

The elk and the spotted deer's antlers are small compared with deer of their size in India. This is the more singular, as it is evident from the geological formation, that at some remote period Ceylon was not an island, but formed a portion of the mainland. It is thought that there must be elements wanting in the Ceylon pasturage for the formation of ivory.

**WOMAN BLINDS HUSBAND**

WILLIAM FLICK WAS ABOUT TO BRAIN HIS WIFE AT CINCINNATI.

**Have You Seen Them?**

Three Times Penetrated the Eyeball and Destroyed the Sight—The Trouble That Led Up to the Assault.

Cincinnati, O., June 2.—During a fight with his wife at their home at 212 East Twelfth street, yesterday, William Flick was blinded by the sharp tines of a fork, which his wife jabbed into his left eye in an effort to save herself. In spite of his frightful injury, Flick secured a hatchet and was about to brain the woman, when Mrs. Mary Huber, a neighbor, grabbed him and held on until help came.

Flick had been drinking and while his wife was preparing the noon meal he amused himself by leaning out of the front window and making remarks to passersby.

He became offensive, it is claimed, and his wife remonstrated with him and tried to pull him away from the window. Flick seemed suddenly bereft of his reason and he seized a hatchet, which he threw at his wife.

The missile missed her and struck a lamp, which was shattered to bits. Both husband and wife then commenced a desperate battle for possession of the hatchet, and in the melee a fork, which the woman had in her left hand, was jabbed into the man's eye, almost gouging out the eyeball.

The pain further infuriated Flick and gave him renewed strength. He cast his wife aside and seized the hatchet. In a moment he had the woman by the throat and the weapon upraised to brain her, but Mrs. Huber who had been attracted by the screams, rushed in and grabbed Flick about the neck and held him so that his wife was able to free herself from his grasp.

Other neighbors had been attracted by the fight, and Flick was being roughly handled when Patrolman McCabe arrived and rescued both from the crowd and then placed both him and his wife under arrest.

Patrol No. 3 took Flick to the city hospital, where it was found that the tines of the fork had penetrated the eyeball and destroyed the sight. As the fork was dirty, it is feared that complications may arise from the wound and Flick lose the sight of both eyes. A charge of disorderly conduct was placed against both of the Flicks.

**TOUCHED THE FATHER'S HEART.**

**Old Man Willing to Be Liberal If Johnny Came Back Alive.**

The ambulance had clanged its way into the squallid East-side street, had paused for a few minutes before the fly-blown tenement, bringing all the frowsy women and broods of neglected children to windows to stare, and now it had noisily dashed away, carrying little Johnnie away with it, says the New York Times. Upstairs—oh, way upstairs and back in the smelly twilight of the place they called their home—Johnnie's family sat, bereaved and shaken, for the horror of the hospital, which haunts the foreign poor of New York like a nightmare, was upon them. It was as if that man in his white coat and trousers who had lifted the suffering child in his arms and tenderly borne him away had been the very Angel of Death and his destination the grave itself.

The shock of the separation and of the long good-by that seemed imminent fell hardest on the heart-broken father. Huddled in his backless old chair, he buried his tear-wet face in his hands, rocking to and fro in fear and remorse, for it seemed to him he had not been as kind to his boy as he might.

"Ach, mein Gott, mein Gott!" he cried, pinched by some sudden memory. "Only give mein leetle Johann back and he shall have everything to essen und wear—everyting. I vil spare no expense. If he come out of den hospital alive!"—he choked down a sob—"I buy him flannels, goot, tick, winter flannels, no matter vat dey cost, no, not even if dey cost von dollar!"

**CHANCE FOR GIRLS TO MARRY.**

**Lines of Business That Furnish the Most Opportunities.**

"I have noticed that girls from certain counters in department stores continually marry off," said a clergyman. "I refer to the counters that men patronize—the pajama counter, the pipe counter, the haberdashery counter, and so on. Were I a girl about to take a place in a department store, I should choose, even at a lower salary, the pipe rather than the ribbon line."

"Nurses, too, are a great class for getting married. And they make good marriages. They become the wives of promising young physicians. It's different abroad. Abroad a nurse is treated almost as a servant. A physician would regard over there a marriage with a nurse as a misalliance."

"Governesses, if the family travels a good deal, marry the mates and stewards of ships. With stationary families their matrimonial chances are less good, though now and then a really pretty governess hooks in some friend of wife or husband, a million-are broker or publisher."

## FOUR DROWNED IN KANSAS

Streams Are Out of Banks and Rain is Still Falling.

Wichita, Kas., June 2.—One more was added to the list of flood victims here yesterday, making four in all who have drowned. Benjamin White is missing and it is believed that he also lost his life. Those known to have been drowned are Mrs. C. Glazier, Miss Martha Wikoff, Harry Moore and Victor Jenkaway.

Clarence Glazier was driving a buggy containing his wife, her sister, Martha Wikoff, and his infant baby. While on the bridge over Chisholm creek a rush of water struck them and swept the buggy and occupants into the stream. The father held the baby on a log until rescued. Harry Moore with his brother were chasing chickens away from the stream when they were caught by the water. The brother was thrown into a tree, where he remained until rescued in the morning. Harry was drowned. His body was recovered. He was 12 years old. Jenkaway accidentally fell in the Little Arkansas river and was carried under by the swift water current.

## A LAND DRAWING IN IDAHO

More Than 4,000 Persons Sought Claims in Twin Falls Country.

Twin Falls, Idaho, June 2.—More than 4,000 land seekers were on hand yesterday for the drawing for irrigated lands under the Twin Falls-Salmon river project registration which closed last night.

O. C. Poulsen, of Greeley, Colo., drew ticket No. 1, entitling him to the choice for a quarter section of the tract.

The total registration for the draw was 4,020. A million and a half dollars was deposited in the form of certified checks for the water rights, and application was made for one-half million acres of land, more than six times as much as can be supplied.

## RUMBLINGS OF THE RAIL

FRISCO PASSENGER TRAIN IS DERAILED NEAR OKLAHOMA CITY, OK.

### COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

H. B. Weitzell of Oklahoma City, was injured internally as the result of derailment of Frisco passenger train 408, Oklahoma City to St. Louis near Oklahoma City at noon yesterday. The baggage car and smoker tumbled down an embankment and turned over. Half a dozen others were less seriously hurt. The injured known besides Mr. Weitzell are:

W. B. Ritter, of Sapulpa, foot crushed; C. H. Lybvar, of Sapulpa, arm badly cut with glass; H. G. Hamberger, of Kansas City, head and arm cut with glass.

Only the chair car remained on the rails, save the engine, which passed over the soft place in the track without danger. It continued to Jones City, carrying train officials, who immediately sent to Oklahoma City for a relief train. Dr. Ryan responded, making the trip on a freight engine. The wrecker followed a short time later.

Spreading rails caused by recent floods is given as the cause of the wreck.

**Stampede in Texas Street Car.**  
Twelve persons were injured, two seriously, yesterday when the motor box on an Arlington Heights street car caught fire at Fort Worth, Tex., causing a panic among passengers. The car carried 100 passengers.

When the flames shot over the front seats a stampede for the rear doors and windows was started. There was a large number of women and children in the car and these suffered severely in the crush.

Physicians were summoned and the injured conveyed to their homes. Those seriously injured were Mrs. B. Steinberg and Mrs. Laura Webster. Both may recover.

### Effect of Adverse Legislation.

Figures are being prepared by one of the western roads in support of the contention that the railroads must raise freight rates.

It is shown that since July last state laws have gone into effect which will reduce the revenues of the railroads of the county by at least \$50,000,000 a year.

As illustrative of what this means to some of the roads it will be shown that one western road, not the largest, is now losing in revenue caused by adverse legislation at a rate which will deplete its treasury annually by at least \$3,600,000.

Another and smaller western road is losing at the rate of \$2,000,000 annually.

### Wreckers Ditch a "Special."

A special train on the Minnesota & International railroad was derailed near Nishawa, Minn., by wreckers yesterday.

The engine and three cars were derailed. Charles Yorn, the baggage-man, was cut on the head and crushed. The wreckers had removed the fishplates from the rails, cut the ties and pulled out the spikes.

### The Red River Bridge.

The M. K. & T. bridge and building department will have the Red river bridge north of Denison, Tex., repaired by June 15, and trains will be run over the Katy, instead of being detoured via Texarkana and Bells, Tex. A span of the bridge was washed away during the recent rains.

### Wightman Denies Oglesby Deal.

In response to an inquiry, State Railroad and Warehouse Commissioner F. A. Wightman sent a message yesterday to the Daily Tribune at Chillicothe, Mo., denying that he had signed an agreement with Commissioner Rube Oglesby for the removal of J. T. Bradshaw, weighmaster in the grain department at Kansas City.

### Mr. Clark Goes East.

Vice President C. C. Clarke, of the Missouri Pacific, left last evening for New York to confer with President Gould and the directors.

Vice President Johnson and the chief traffic officials of the Iron Mountain left for an extended trip over the southern lines.

### Earnings of the Katy.

The following M. K. & T. earnings are reported in a New York dispatch: Missouri, Kansas and Texas—April gross earnings \$1,520,746, decrease \$606,145; net \$311,671, decrease \$191,

\$19, deficit \$203,921, increase \$218. 742. From July 1—Gross earnings \$20,668,198, decrease \$1,730,755; net \$6,659,688, decrease \$1,421,096; surplus \$1,272,872, decrease \$1,906,088.

**Broke Into Katy Depot.**  
Two men broke into the M. K. & T. station fourteen miles east of Tulsa, Okla., yesterday morning. They blew open the safe with nitroglycerin, but were frightened by the explosion and fled without taking any money.

Officers were soon on the trail of the robbers. They chased them several miles, but did not capture them.

### Dispatcher Has Moved.

B. H. Knapp, a Missouri Pacific train dispatcher wife and daughter have moved from apartments at the home of Mrs. Hannah Lovitt, 309 West Third street, to the home of Capt. S. C. Gold, 201 West Third street.

### Their Sixth Anniversary.

The ladies' auxiliary to the local O. R. C. will celebrate its sixth anniversary Wednesday night at the home of Conductor and Mrs. Marshall L. DeHaven, 1207 East Eleventh street.

# COME! COME!

## Taxpayers' Meeting at Wood's Opera House

# THIS EVENING

June 2, at 8 o'clock

# MEN ONLY

W. H. Ramsey will Preside.

Addresses by Judge B. G. Wilkerson, J. T. Montgomery, Dr. H. B. Cole, Geo. C. McLaughlin, Henry W. Harris and other prominent citizens. Come out and hear what these leading citizens think of Local Option. No Collection or Admission.

The saloons admit that they collect \$350,000.00 every year in Sedalia.

As we have about 20,000 people this makes the saloon collecting \$17.50 for every man woman and child in Sedalia EVERY YEAR.

If we vote WET it is for FOUR YEARS, and this means that the saloons are to collect \$70.00 for every man, woman and child, white and colored, in the next four years.

They admit that they make but 25 per cent, and this means that if we VOTE WET that we are to send the millionaire liquor men \$2.50 for every man, woman and child in the next four years, and we will KEEP \$17.50 per head.

This means that Sedalia spends \$1,400,000.00 for drink. The millionaire liquor men get \$1,050,000.00 of this and SEDALIA gets \$350,000.00. NOW THIS IS ACCORDING TO THE SALOON MEN'S FIGURES, NOT OURS.

Just think of a band of citizens of Sedalia FIGHTING for Sedalia to LOSE \$1,050,000.00 to keep \$350,000.00. Just think of a bunch of men crying, "Stand up for Sedalia," when they ADMIT these figures themselves.

Isn't it PLAIN they are the ones to get the \$1,050,000.00.

Now you vote for Sedalia to keep \$1,400,000.00 for something that makes us WORSE, and we are to keep but \$350,000.00 of this in Sedalia.

Is it hard to see which will make Sedalia BETTER?

## Signed: Anti-Saloon League,

JAMES PARSONS, President.

## A PASTOR'S UNIQUE IDEA

A "Courting Room" to Be Established by a Church.

Chicago, Ill., June 2.—A courting room, complete with cozy corners, screens, chaperones and soft-toned lights, is to be the aid of Dan Cupid supplied by Christ Church, Presbyterian, at Orchard and Center streets, just as soon as the property adjoining the church edifice can be secured.

The project for a courting room was first broached by the pastor, Rev. J. E. Snyder, a week ago. He was in earnest about it, and the leaders in the church fell in with the idea at once, and all arrangements have been completed.

### Had Cattle on the Market.

Henry Shafer, living south of Sedalia, returned this morning from St. Louis, where, yesterday, he had two carloads of cattle on the market. One load, weighing on the average at 1,500, sold for seven cents and the other, weighing a little less than 1,400, sold for six and three-fourths cents.

### Will Raffle a Diamond.

Dave Suhler will award a \$140 diamond ring at Will Sprecher's cigar stand tonight.
